

IDAHO BUSINESS BOYCOTT LIST

This list contains Idaho businesses and individuals who contributed to the California YES on Proposition 8 campaign. With the passage of Prop Hate, existing marriage civil rights have been stripped from California gay and lesbian citizens.

While we respect EVERY citizen's right to contribute to and support issues they believe in, LGBT people, and our allies, also have the right to be informed about those who are actively seeking discriminatory legislation preventing us from obtaining our civil rights and equal protection under the law. We also have the right NOT to support them by spending our hard earned money on their products or services.

This list was compiled by PrideDEPOT.com from public records freely available on the California and Idaho Secretary of State Websites and is believed to be true and correct. This list is to be used SOLELY for the purpose of boycotting these businesses and service providers. This information is NOT to be used in ANY way to harass or otherwise harm anyone in any way or for any form of solicitation.

Boycott businesses that deny LGBT citizens their civil rights!
